

Site Supervisor – Landscape Construction

- **Base package: \$75,000 - \$85,000 +Vehicle**
- **Perfect Work/ life balance**
- **Join a secure, trusted and thriving company during these unprecedented times**

Australian Ecosystems is currently looking to employ a landscape site supervisor for our Commercial and/or Residential Landscape construction projects. This position will provide the opportunity to work on a wide range of innovative, large scale, sustainable landscapes for a wide range of clients. Australian Ecosystems (AE) is an award-winning landscaping company, servicing a wide range of clients across the Greater Melbourne region over the past 20 years, including Tier 1 contractors working on infrastructure projects, as well as developers, landscape architects, government bodies, schools, and private clients.

Projects range from \$100k through to multimillion-dollar projects. As well as being part of a great team, the successful candidate will also benefit from our company's commitment to staff development, with the opportunity to receive further training in relevant areas of interest to further develop your skillset.

Qualifications & experience

- Demonstrated experience in the following Landscape Construction areas would be of great advantage;
- Senior Site Supervisor experience (5 years min)
- Gardens, parks, streetscapes and public open spaces
- Waterways, wetlands and bushland areas
- Certificate III qualification in Landscape Construction/Civil Construction or similar (Horticulture)
- Current national accredited tickets; Small Excavator, Posi track, and/or MR Truck license. At least two years of experience is required.
- Construction Industry White Card, Current Australian driver's license for Medium Rigid (MR) class or above.
- Excellent communication skills, both via phone, email, and person to person. Strong decision making and problem-solving skills
