

## AUSTRALIAN ECOSYSTEMS

*Building sustainable landscapes for the future*

### **Water Truck Operator**

Australian Ecosystems is a native plant nursery, commercial landscaping contractor, and environmental services provider. Our suite of services covers plant supply, landscape construction and maintenance, revegetation and wetlands, consultancy, stormwater treatment, and urban food production. We offer a vertically integrated, one-stop-shop for clients on major civil, landscape, ecological restoration, and urban food projects. Our native plant nursery has grown more than 40 million plants for ecological projects across the state.
